Overview

CosmetAssure is a unique insurance product designed to cover complications following elective cosmetic surgery. CosmetAssure was developed by a board-certified plastic surgeon who saw a need when traditional health insurance carriers stopped covering complications from elective cosmetic surgery several years ago. CosmetAssure protects patients from the unexpected financial burden of medical complications resulting from cosmetic surgery.

Since its creation in 2003, CosmetAssure has partnered with over 500 boardcertified plastic surgeons across the country. All participating surgeons must be a Member or Candidate Member of the American Society of Plastic Surgeons (ASPS) and/or the American Society of Aesthetic Plastic Surgery (ASAPS).

CosmetAssure, endorsed by the ASPS, is only available to patients through a boardcertified plastic surgeon who is a member of ASPS and/or ASAPS and a CosmetAssure participating surgeon. Coverage is provided for medical complications arising from one or more of 17 cosmetic surgical procedures when performed under general anesthesia or intravenous sedation.

CosmetAssure is approved in 43 states and has insured over 180,000 covered procedures. Since its inception in 2003, claims paid by CosmetAssure exceed \$11,750,000.

CosmetAssure is owned by Aesthetic Surgeons' Financial Group, Inc.
